

Broberg Racing is the creation of work done by our pilot Christian Erik Broberg. We are one of the leading teams completely dedicated to the motorsports world since 2015. With victories and championships in recent years, the racing team are focusing on two championships with their two outstanding cars. The Radical PR6 for the Spanish Circuit. Since, races are taken place all around the nation, Broberg Racing has earned a lot of fame racing yellow. Nevertheless, Broberg Racing also competes with Karts and 24hr races. The multilingual team competes in various racing environments and are able to always perform at the best.

We compete with passion.

» Circuit racing is fun and exciting but there is nothing that makes you feel
until you face the clock, and there is a mountain between the two, the f
and then you have to do it fast.»

Christian Broberg

Broberg Racing is a modern team gaining popularity on the hillclimbs and the circuits following headlines of a breakthrough in pole/victory of the Spanish Championships.

Our team is international bringing wisdom and experience from all over the world to our base in Marbella. We maintain its competitive position in the motorsport world. The professional team alongside Christian Broberg brings the same passion.

Broberg Racing stands for consistency and excellence which is evident in our bright yellow Swedish racing gear!

Crave for race.
